

# Pavliscak Studios

## Memorial Glass Order Form

- Mail ashes double sealed with air pressed out to keep bags from popping open in the mail. Taping them closed is also appreciated. (if you are using your own bags, please double bag, use ziplocks or tape completely)
- Filling the smaller inner bag with a heaping teaspoon will be enough for several marbles or many more pendants and beads.
- If you are sending multiple loved ones remains please clearly label. (in separate double bags) I will do the same.
- Marbles are signed with makers mark and year of creation.
- COLORS available - Aqua, Cobalt Blue, Green, Amber, Purple, and Red
- Remains will be screened and reground and mixed with a small amount of glass powder before they can be added to glass.
- I appreciate the opportunity to help with the memories of your friends and family. A picture is helpful to me, if you have one to spare. (Or email)

Customer Info	Memorants Info
